

LARGE DIAMETER ROCK BITS

Mincon's rock bits are the trusty work horses of going through rock of any hardness.

In piling, the large diameter rock bits are used to drill rock sockets through large ID or retrievable ring bits. Rock bits can also be designed and manufactured according to specific customer requirements.

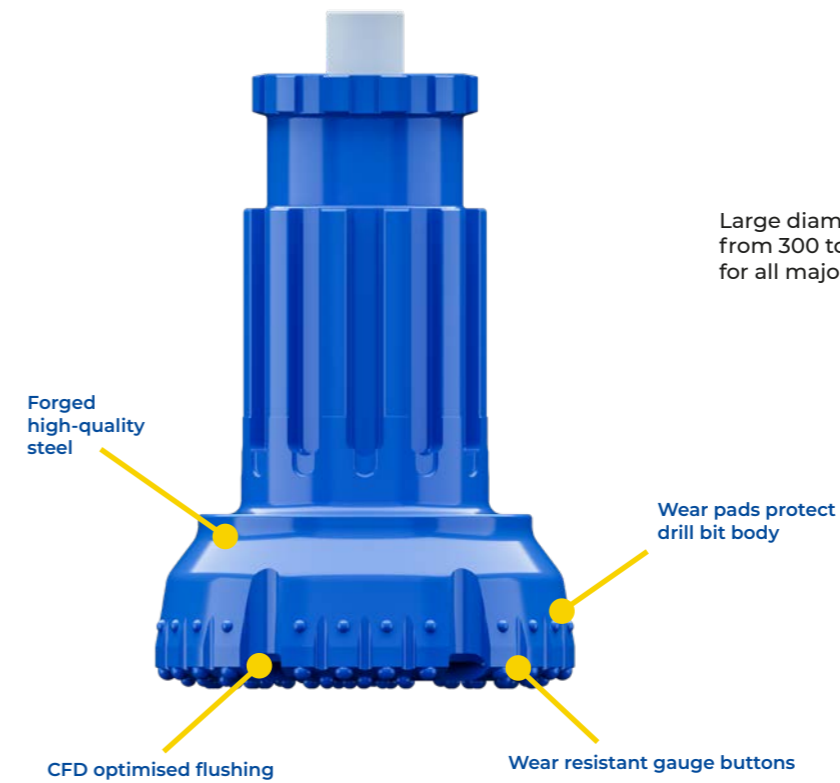

MAIN APPLICATIONS

- Air ventilation for tunnels
- Shafts for utility lines
- Rescue shafts for mining
- Rock sockets

LARGE DIAMETER ROCK BIT 300–1 524 mm
